"Guo Yuan Fa Shi was the longest one who accompany me. Our relationship is a teacher and his student. Whenever I go, he follow. He was monk's Leader in Chan's Meditation Centre and Dharma Drum's Retreat center in New York. Now he become Chan's hall leader in Dharma Drum mountain centre Taiwan.

He helped me making retreat and went anywhere with me around the world. I would like to say that we are like father and son, but sometimes father and son have argue and fight, we don't!"
